BETA BLOOD DRIVE SUCCESSFUL

Gamma Phi Chapter had a very busy fall semester here at the University of Oklahoma. So busy, in fact, that we don't know how to tell you everything that has happened. Here is just a smidgen of the events of the past semester.

Gamma Phi Philanthropy

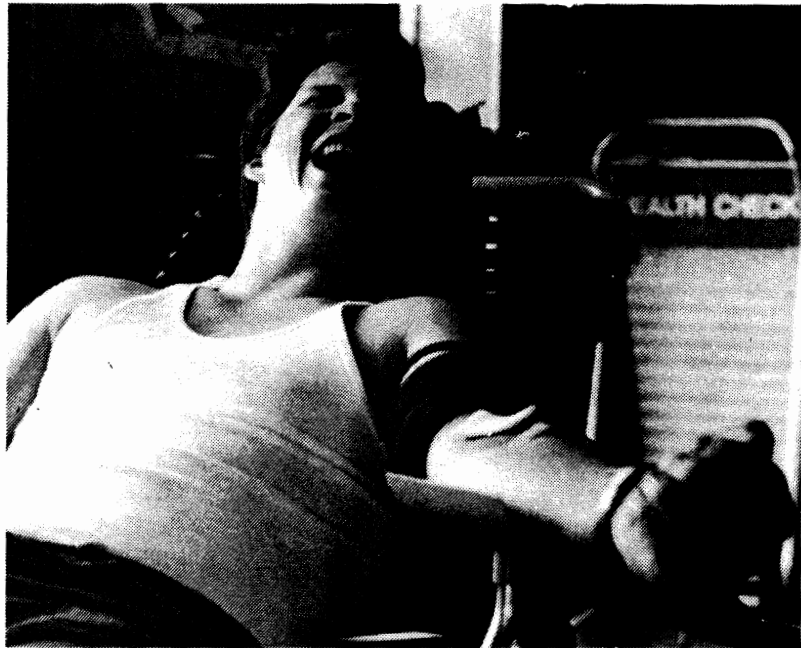

The 1986 fall semester saw the Gamma Phi Chapter of Beta Theta Pi pledging their support to worthwhile charities throughout the city of Norman. Included in the list were the Big Brothers and Big Sisters of Norman, and the Okie Spokesmen wheelchair basketball team, which used our donation to compete in a tournament that raised money for research to find a cure for muscular dystrophy.

Also included was a blood drive held every year at our house. This year we netted a considerable amount of the precious fluid for the American Red Cross.

Plans are still being made concerning a fund raiser to be held in the spring for a charity yet to be decided. Once again, Beta Theta Pi is proving to be a valuable asset, not only to the University, but to the community as a whole.

Beta Brains

The fall semester of 1986 provided Beta Theta Pi with the opportunity to reaffirm its long standing reputation for academic

excellence at the University of Oklahoma. The active membership combined to produce the highest G.P.A. in the Greek community with a 2.98.

This outstanding effort was the result of the dedication and pride displayed among the the brothers. Evidence of this comes from the fact that both the senior and junior pledge classes posted averages well above 3.0, while the sophomores averaged a commendable 2.7.

We still have room for improvement however, as the pledge class average fell to a very disturbing 2.4. Nevertheless, Beta Theta Pi still remained in

close competition for the scholarship trophy.

With a renewed desire for outstanding grades this semester among both the actives and the N.I.s. we are quite confident that the trophy will return to its rightful home at 800 Chautauqua.

Congratulations, Seniors

Several senior members received their acceptances to professional schools. William Settle, Robert Hauger, and Raffael Pennella are going to medical school at OU. Drew Millington is going into dentistry school at OU, and Douglas Felrath and Kyle Carrick are going to law school.

Betas Excel in Intramurals

Beta remained number one in intramurals at the end of the first semester, well ahead of second-place Lambda Chi Alpha. Strong finishes in both major fall sports, football and volleyball, as well as in several minor events, netted Betas a total of 57 points, 12 ahead of the competition.

Gamma Phi Chapter entered the football tournament as underdogs, but soon proved that they were the team to watch by eliminating the champions for the last two years, Delta Upsilon, in the first round.

They then went on to beat Lambda Chi and the Sig Eps, and found themselves in the semi-finals against Alpha Tau Omega.

The game proved to be a close one, with Beta leading late in the game by six points. However, the interception of an errant pass and a mistaken call on the part of an official ended all hopes of a

championship for the Betas.

Congratulations are in order, nonetheless, as it was still the best finish for Gamma Phi in some three years.

Volleyball, too, proved to go much the same great way for the brothers. Beta beat defending champion Lambda Chi Alpha during the regular season, but fell just inches short of the championship.

However, Gamma Phi still finished volleyball in second place, and gained valuable points in the race for the intramural cup, which we expect to garner by winning our two strongest events, basketball and softball, in the spring.

As you can see, we are making strong minds by building strong bodies here at the University of Oklahoma. Our athletic prowess makes us one of the best houses on campus.

Beta Barn Dance Highlights Social Calendar

The men of Beta Theta Pi enjoyed a semester that contained a wide variety of parties and functions, ranging from informal get-togethers to the traditional Barn-dance in November. Yes, once again it was the privilege of many a sorority girl to attend a gathering of Beta brothers.

Social Chairman Kelly Muldrow put together a calendar of events which included the annual party in Dallas with the SAEs, a victory party after the OU-UCLA game, and a number of functions with different sororities.

These occasions provided both the membership and the pledge class with the opportunity to enjoy the brotherhood that has meant so much to us as Betas.

FOOT-STOMPING GOOD TIME: As you can see, the brothers obviously had a great time at our annual Barn Dance last fall.

Drop Us A Line!

Because *Wooglin On Chautauqua* is an alumni-oriented newsletter, future issues will continue to feature news of Gamma Phi alumni. But we need your help to do it!

Take an extra minute now to fill in your former classmates on your life since leaving the University of Oklahoma. The interest is two-way: just as you are interested in their busy lives, they are interested in yours.

You can make sure you're included by sending your personal news to our Newsletter Program Headquarters address listed in this issue.

Let us hear from you, so we can include you in a future issue of *Wooglin On Chautauqua*.

Thanks, Alums

We at Beta Theta Pi would like to thank those members who have contributed to *Wooglin On Chautauqua* in recent months. Without their help, many improvements in our alumni relations program would not have been possible. We have updated many addresses on our mailing list and are working on even more.

We have seen greater alumni interest as a result of our efforts. Thank you for investing in the future of Gamma Phi. With your support we can continue bringing you news of the chapter and your brothers.
