# BETA THETA PI

One hundred and fourteen years have passed since John Reilly Knox first organized our fraternity; at Oklahoma we are near the close of the first fifty years of Beta progress. Beta's Oklahoma chapter was founded in 1907 through the efforts of David Ross Boyd, first president of the University, Dr. J. H. Felgar, first Dean of the College of Engineering, and Dr. J. S. Buchanan, later president of the University. One out of every thirty-seven living Betas is listed in "Who's Who in America". William O. Douglas is the eighth Beta to serve on the Supreme Court. Another outstanding Beta is Secretary of Defense, Charles E. Wilson. It is the hope of our chapter to follow the tradition of the past in continuing to advance the three main phases of college life — athletics, scholarship, and social life.

Merrill Green, Larry Hamilton, Erwin Cook, Mac Sanders, and Tommy Beck earned athletic honors for the fraternity in football, basketball, track, baseball, and golf respectively. Betas Hugh Roff and Dick Haynes are members of Pe-et, an organization for outstanding senior men. The fraternity, with its outstanding scholastic record, is well represented in Phi Beta Kappa and Tau Beta Pi scholastic fraternities. Mrs. W. P. Vick, our gracious new housemother, has been an inspiration to us all.
