Stan Johnson, Bruce Jones and Gary Walker celebrate the beginning of the semester at the Victory Party.

The Gamma Phi chapter of Beta Theta Pi enjoyed another successful year, thanks to a lot of enthusiasm, participation, good leadership and an active rush program.

Like all fraternities on the OU campus, the Betas put much emphasis on academic achievement and intramurals. This resulted in a fine overall house grade point average and an excellent showing in intramurals.

Through the efforts of members and pledges, several improvements were made on the house. This type of house maintenance was a year-round job.

The main social events of the year for the Betas included the fall Victory Party and the Barndance. Spring parties consisted of the Spring Formal and the Beta Lei.

Several Betas distinguished themselves in campus activities. They were represented on OU athletic teams, Student Congress and the UOSA, among others.

With the spring initiation of a new pledge class, the future looks even better.

## "We Invite Comparison"
